Dear Readers,

First of all I would like to greet you all from the bottom of my heart. The only motive of this assessment is to give you a clear picture of the situation of few kids here in our school. In fact, every one of us is the social beings and of course, the situation is not always the same or similar. Sometimes the happy moments turns into tragedy and vice versa.

Similarly,

Few kids are lucky to get sponsor from around the world and few still looking for after their situation changed, it means after they faced sudden change in their life.

Let's hope for the better future for all the beings.

And

I am trying my best to give you clear picture of the exact situation of each kid with their photos. Please suggest me if I can do even better so that I will try my best to make most kids get benefit.

With Best Regards

Anup Acharya

Right Tuning

Right tuning means the good luck in my opinion (when the right people inter into life as a support). When the deprived child got sponsor means he found god father who can escalate his/her carrier to his/her goal or let's say his/her dream.

Thanks to millions of good people out there in the world who are supporting someone in different ways or kind. You guys are amazing and I like to call such human being as a star. "YOU GUYS ARE THE STAR", who really means a lot to change someone's life.

PROFILE

Utshav is charming child currently studying in Grade 3.

Utshav is now living with his old grandmother and she loves him very much. Utshav's grandmother is having different health problems due to her old age.

Utshav's father died few years back after very long bed rest as he used to drink a lot.

Utshav's mother cannot move herself here and there and got taken care by the maternity home by her mother and father. She is having such problem because of her big accident in road few years back, she was hit by speed vehicle on road and about to die and after doctors' relentless effort and so many operations and surgeries she finally survived.

It is impossible to her to support Utshav and also to grandmother it is almost impossible to pay school for Utshav. However Utshav is living with his grandmother very close to school.
